Respected Sir,

I am writing this letter to say about my full course fee for my masters. I am having the total fee of INR 73,32,000. Out of this INR 73,32,000, I am applying the education loan of INR 40,00,000 in Union Bank of India. In my Father account is having INR 8,00,000 and I was working as Data Engineer I'm having the savings of INR 2,00,000. It will be sufficient for my 1<sup>st</sup> academic year, and for the time of 2<sup>nd</sup> Academic year the money will be taken through the gold loan and by selling our land. This will not lead any distrupctions for my education and for repayments.

Kindly, take this into consideration.

Thanking you.

Sincerely,

Tatavarthi Suryavamsi,
